Her Money Was Gone!

An old woman who lived alone had kept nearly $2,000 00 in currency around her house for years. She was afraid of banks.

Last fall she became seriously ill, and——

No, she didn't die But when she went to look for the cash it was gone! Fortunately some honest friends had found it while she was unconscious and had deposited it to her credit in a bank.

This woman has now decided that after all the bank is the safest place, and, besides, her money is not idle any longer. It is now earning 4 per cent for its owner.

Let us put your money to work for you.

VICTORIES OF PEACE EQUAL THOSE OF WAR

Whether the task is the construction of a colossal harbor improvement project, or the administration of a newly acquired insular possession, the Department of War is always prepared to bring to the task a high degree of skill and masterful judgment. How "peace hath her victories no less renowned than war" for the military department of the nation is interestingly described and illustrated in one of an instructive series of articles on Our Government now being distributed exclusively by this Institution.

We shall be pleased to see that you receive the complete series, if you will send us your name and address.

Tobacco at Appomattox.

Tobacco growers of the association are writing the Appomattox Board of Trade that the crop will be brought to Appomattox for pooling—some extracts from their letters:

"Appomattox is the logical place to deliver tobacco since the banks and business men have placed money and suitable buildings at the disposal of the farmers, and have shown themselves friends at a time that Lynchburg has neglected or failed to remember us. O."

"May I suggest that you make arrangements for the handling of country produce. I think a satisfactory market for this line of goods will draw the tobacco from the upper end of this county, as all these people are out of patience with Lynchburg on account of her attitude toward our association Yours for business at home D"

Dr. J. G Fernyhough, State veterinarian, announces that there are now 672 accredited herds of cattle in the State, thus giving Virginia the largest herds and the smallest percentage of tubercular cattle of any State in the country.

Thorough Soil Preparation Is Easy the Fordson Way

BECAUSE the Fordson has plenty of power and is fast running, Fordson farms are known as the best tilled farms in the community. Good plowing can be followed promptly by good discing because the man who drives a Fordson is soon through with one job and ready for the other. This thorough tillage, of course, results in bigger crop yields.

Because of its scientific design and easy handling qualities, the RODERICK LEAN AUTOMATIC ENGINE DISC HARROW, specially designed for the Fordson, inspires its owners to pulverize thoroughly both before and after plowing.

THE RODERICK LEAN AUTOMATIC is as necessary to economical tractor farming as the special tractor plow. Operated from the tractor seat, it provides easy, thorough soil preparation with the Fordson. Strong for power requirements, flexible for short turning, and adjustable to meet all soil conditions. This is the proper disc for Fordson tractors—the one disc harrow preferred by Fordson owners,

Colds & Headache

"For years we have used Black-Draught in our family, and I have never found any medicine that could take its place," writes Mr. H. A. Stacy, of Bradyville, Tenn. Mr. Stacy, who is a Rutherford County farmer, recommends Black-Draught as a medicine that should be kept in every household for use in the prompt treatment of many little ills to prevent them from developing into serious troubles.

THEDFORD'S BLACK-DRAUGHT

"It touches the liver and does the work," Mr. Stacy declared. "It is one of the best medicines I ever saw for a cold and headache. I don't know what we would do in our family if it wasn't for Black-Draught. It has saved us many dollars . . . I don't see how any family can hardly go without it. I know it is a reliable and splendid medicine to keep in the house. I recommend Black-Draught highly and am never without it."

Fordson

THE UNIVERSAL TRACTOR

Henry Ford

HENRY FORD was 35 years getting ready for the new price on the Fordson. He started as a farm boy, planning to get rid of the drudgery, long hours and low money return that has always faced the farmer.

He wanted to furnish you with a tractor that would not only do your work better and faster, but at lower costs—and the 170,000 Fordsons now in use have proved that he has accomplished these things.

What you get in the Fordson for $395 f. o. b. Detroit is the greatest farm power unit ever offered.

Let us show you how a Fordson will cut farm costs, increase your bank account and take the drudgery out of farm work. Write, phone or call.
